How To Get To Conner Prairie Farms

The date of this sale is Tuesday, June 2, 1942. Sale will start promptly at 1:00 P. M. Central War Time.

Lunch will be served at the farm.

Conner Prairie Farms are located 12 miles North of Indianapolis, Indiana. Those driving from Indianapolis should take Route 31 due north to Carmel—then turn east on Route 234 to Farm. This farm is located 4 miles East of Carmel, Ind. From Noblesville the route to follow is 2 miles south on Route 37 to Route 234. Then turn west $1\frac{1}{2}$ miles to the farm.

It is assumed that many persons will be driving from Chicago where two other important sales are being held on the day previous. For convenience sake, we suggest that these people drive to Lafayette, Ind. on the evening of Monday, June 1st, following the Edellyn and Marellbar sales. This is a drive of 120 miles on Route 52, the main Chicago to Indianapolis Highway. This will leave a drive of only 60 miles on Tuesday morning, the day of the sale. From Lafayette, take Route 52 to Lebanon, turn East on Route 32 to Westfield, South on Route 31 to Carmel and East on Route 234 to Conner Prairie Farms.

Those who desire to travel by train may take either the Monon or Big Four Railroads from Chicago to Indianapolis. The Marellbar Sale, which is to be held at 6:30 P. M. on Monday evening, will be completed in plenty of time to enable persons to make the trip into Chicago to catch the Big Four train which leaves for Indianapolis at 11:45 P. M. or the Monon train which leaves at 11:30 P. M. Those who wish to get a good night's sleep can take a Pullman sleeper on either train. Both trains go into the Union Station at Indianapolis and automobiles from Conner Prairie Farms will meet you at the Union Station at 8:30 A. M. on the morning of the sale.

Many cars will be driving from Chicago to Conner Prairie Farms. If you will get in touch with Sale Manager Hal Longley, he will be glad to arrange such transportation for you.

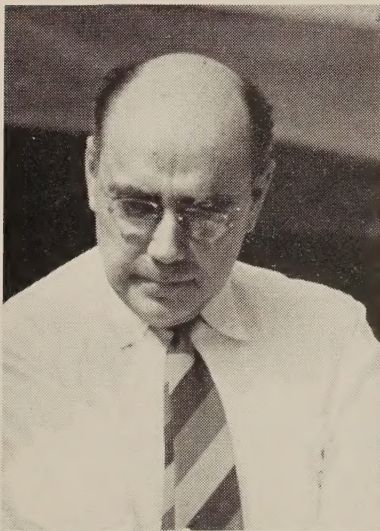

Although this sale is to be held at Conner Prairie Farms, all visitors should make an effort to visit the farms of John H. Allison and Cricklewoods Farm, both of which are located within ten minutes' driving distance from Conner Prairie Farms. Both of these herds were founded on females purchased from Conner Prairie Farms and choice animals from both herds are included in this sale.

We Invite You---

•
•

Mr. Eli Lilly, owner of
Conner Prairie Farms.

IT IS indeed a pleasure to extend to you a cordial invitation to attend our Auction Sale of Scotch Short-horn cattle. We have made every effort to build our herds on foundations of utmost permanency and each animal was selected for this sale with the firm intention that it must result in a thoroughly satisfied customer. It is our intention to continue these annual sales and the future patronage and good will of all farmers and breeders is of utmost importance to us. Whether or not you prove to be a buyer in this sale, we will be happy to have you as our guest.

ELI LILLY
JOHN H. ALLISON
WOODS CAPERTON

The late Vern H. (Bud) Fisher, former manager of Conner Prairie Farms, the memory of whom will live long in the hearts of all Shorthorn cattle breeders.

Vern H. Fisher

As most of our friends know, Conner Prairie Farm has suffered a grievous loss in the death of Bud Fisher, who had lived on the farm since 1917 and had managed the Conner Prairie Farm since reorganization in 1934.

He has been and will be greatly missed by his friends on the farm, in Hamilton County, and in the showing, where he was always a popular and picturesque figure.

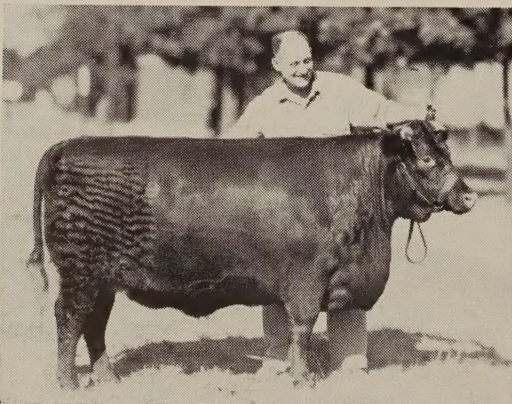

Tillman Bubenzer, the new manager of Conner Prairie Farms, who will be introduced to Shorthorn cattle breeders on the occasion of this sale.

Tillman Bubenzer

At this sale will be introduced the new manager of Conner Prairie Farm, Tillman Bubenzer, who came to this country after the last war, having graduated from an European agricultural college and managed a large farm.

He won the confidence and respect of his employer and associates as manager of the Fairmount Stables where he developed some fine riding horses, including Jeb Stuart that won the five-gaited stake at the International several years ago.

He comes as manager from his own farm on Road 28, on the line between Clinton and Tipton counties, and we have great confidence in his ability to swing this new position successfully.

Oscar Jessup, herdsman at Conner Prairie Farms, proudly displays the great show heifer Conner's Augusta 3d, a daughter of the senior stock bull Brown-dale Sensation 2d.

To judge best the merits of any sale offering, go to the pastures and view the breeding herd. If your confidence is lacking after such an inspection, do your buying elsewhere. A visit to the pastures at Conner Prairie Farms is inspiring. Above is shown a portion of the breeding herd at rest.

THE business of producing purebred live stock is one of the most highly competitive lines of endeavor on earth. Farmers, breeders and animal husbandmen in almost countless numbers and in nearly every country in the world are constantly striving to produce animals of superior form and animals capable of reproducing their kind. Success varies, but only in exact proportion to the knowledge and skill of the men guiding the program, because no patents or copyrights govern the sale of the machinery, no labor troubles hinder the production schedule and no individual engaged in the business has an advantage in the plan of marketing.

Success can be and is more easily attained, however, by those who start with the right kind of foundation stock and who constantly add strength to their herds. To take advantage of superior individual merit that has resulted from years of effort by skillful husbandmen is to shorten your road to success. Such an opportunity is offered in this Conner Prairie Auction Sale. The offering represents those particular blood combinations which have worked greatest improvement for the breed. I am glad indeed to recommend these cattle to those who wish to build on strong foundations.

An airplane view of beautiful Conner Prairie Farm

THIS sale offering is made up largely of the produce of the Conner Prairie herd and the Morlunda Farms' herd which we purchased in its entirety last year. Breeders everywhere recognize that these two herds were founded on individuals of the very highest quality and that this auction sale makes available to prospective buyers a careful blending of those bloodlines that have proved most profitable in all parts of the world. We are proud indeed to list in this sale choice consignments from the two strong neighboring herds of John H. Allison and Woods Caperton, both of which were founded on top females secured from Conner Prairie Farms.

We call brief attention here to the recent purchase by Conner Prairie Farm of the world famous young bull Royal Rothes, grand champion at 1942 Perth Show in Scotland. This new herd bull has not yet arrived but he will soon be here and we are certain he will do his part to carry the Conner Prairie herd forward.

In the heart of every lover of Shorthorn cattle there lives the desire to visit Conner Prairie Farms. Why not fulfill this desire at a time when the fruits of this noted breeding establishment are to be distributed at prices set by the buyer?

EDELLYN MASTER MERCURY---

**HERD SIRE
SUPREME--**

Edellyn Master Mercury

WHY did we buy EDELLYN MASTER MERCURY for service at Conner Prairie Farms? The answer is obvious. Every move we make in the live stock department at our farms is the result of careful planning . . . and the coordination of all of these plans has become known everywhere as the CONNER PRAIRIE BREEDING PROGRAM. We bought Edellyn Master Mercury because he fitted perfectly into this program. From the standpoint of type, conformation, quality and character he is the closest possible approach to the ideal. And best of all . . . he made it possible for us to continue an intensification of the blood of the noted **Collynie Royal Leader**, a vital step in the Conner Prairie Breeding Program that was started when we imported from Scotland ten heifers and a bull all of which were direct descendants of the greatest improver Scotland has ever known. Through both his sire and his dam, EDELLYN MASTER MERCURY brings to our herd the blood of Collynie Royal Leader. His sire, Imp. Calrossie Mercury, a Perth champion himself and the sire of a Perth champion, is a son of Calrossie Control by Collynie Royal Leader. His dam was sired by a son of Bridgebank Rosedene by Collynie Royal Leader.

In this catalog we have portrayed four views of EDELLYN MASTER MERCURY. A study of these pictures will leave no doubt in your mind as to his outstanding individuality. However, so that you may know him even better, we want you to look him over very carefully on sale day. Also we want you to inspect the first few calves sired by him. If you are convinced of his worth as a sire . . . and we know you will be . . . we suggest that you keep nodding your head to the auctioneer until one of the twelve beautiful females carrying his service becomes your property. Such females will indeed be keystones to the building of better Shorthorn herds.

Conner's Browndale

Conners Browndale — This bull was exhibited successfully last year as a senior calf and his new owner can win back a large part of the purchase price by showing him as a senior yearling at 1942 fairs. He is very deep, wide, level, smooth, short legged and an attractive dark red in color. Our confidence in him is so strong that we have mated him to some very good heifers before offering him in this sale. His pedigree deserves very careful study.

Conner's Prince Marshall

Conner's Prince Marshal — From both sides of his pedigree this bull inherits the blood that will make him a great sire. His sire was Cruggleton Prince Desmond, the grandson of Calrossie Control that we imported from Scotland and that we had the misfortune to lose after a year of service. His dam won second prize as a senior yearling at the International Live Stock Show and she and her sisters of the strong Myrtle family have been the finest cattle ever to come out of Canada. This red bull is very level and true in his lines, has a good head, a strong heart, full quarters and is very smooth at the rump.

We have no photo of him because he was not broke to the halter at the time the photographs were made. However, he is a summer yearling calf of very high quality and out of a double bred Browndale Captain dam, one of the best cows we secured in the Morlunda Herd.

Conner's Augusta 10th

Conner's Augusta 10th — This solid dark red heifer will be a top in any herd into which she goes. She was exhibited with success last year and will be a top winning senior yearling if carried on properly for this year's shows. Among all of the females we have sold from this herd we do not believe we have ever offered a more valuable breeding unit than this one. Best of all, she carries the service of our great young herd sire Edellyn Master Mercury.

See Them In Pasture---

The show ring is a great place to learn what can be accomplished by expert feeding and grooming of near perfect specimens of a breed of cattle. The pasture is the best place to appraise the real worth of a herd.

At frequent intervals in this catalog we have pictured representative groups of attractive Shorthorn females in the pastures at Conner Prairie Farm near Noblesville, Indiana. They are a healthy, breedy looking lot, true to type, uniform in color as well as in conformation. Their good breeding is apparent in their quality and character.

Morlunda Pamela Augusta

Morlunda Pamela Augusta — When we bought the Morlunda Herd, the dam of this heifer was easily one of the top cows in the entire collection. This heifer is a solid red daughter of Advance Marksman and she is smooth, deep bodied and compact. Her dam is an imported Bruce Augusta cow sired by a grandson of the famous Naemoor Jasper. This heifer sells open.

Morlunda G Rosewood is a grand young heifer, solid red in color, compact and blocky in type. The only reason that we have consented to sell this beautifully bred Rosewood heifer is because her dam has already dropped another heifer calf.

When the individuality and ancestry of each member is right, one does not need to maintain a large herd in order to have an exceptionally strong one. Above are shown a few of the outstanding females in the herd of John H. Allison and his beautiful home on the outskirts of Indianapolis is shown in the background. With a foundation purchased entirely from Conner Prairie Farms, the Allison herd is proving a source of both pleasure and profit to its owner. Four very choice females from this herd are to be sold in the Conner Prairie Auction Sale.
